S. F. HAYES, President
Bruce Snapp, Secretary.

SMALL DELAY

Work train No. 124 on the C. & O. railroad threw a large shovel from one of the flat cars on the train Saturday morning about 9 o'clock just above Limestone street. The shovel was thrown on the east bound track directly in front of an oncoming freight. The freight was flagged within a few feet of the shovel. Had the shovel been thrown off a few moments later a wreck would have possibly occurred.

The big engine that pulls the early-morning passenger train on the L. & N. from this city to Lexington, while standing in the round house over the washing pit yesterday preparatory to having the boiler washed out, suddenly coerced, due to one of the timbers that supported the track giving away. The freight engine was coupled to it and succeeded in pulling it out before it went into the pit.

Mr. Daulton had stepped into the store of Mrs. Belle Evans and had eaten a small lunch. He was preparing to leave the store when he suddenly fell. A stroke of apoplexy had caused his death. His next connection was with Henry and Daulton and later in the firm of Powers and Daulton. In the latter firm, until a few months ago. He was city clerk for two terms, under the administrations of Cox and Stallcup as mayors of the city. At the time of his death he was connected with the Western and Southern Life Insurance Company.

WAR ORDERS CONTINUE

The passing of election day had no material effect upon our war-order business. Concerns that are reaping a harvest from the direct demand for our accommodations for shipment to Europe, have contracts extending over a considerable period of time and there are European buyers in this country ready to give more orders wherever they can find a firm with a probable ability to deliver the goods.

It is announced that one car-building company's munition deliveries this year will amount to \$30,000,000, or fifty per cent of its ordinary gross business. And the shortage of cars due to congestion in transportation of war-order commodities, has created a demand for cars which the factories are unable to fill. They find more profit in making shells.

The great sensation of the past week in business circles was the announcement that one of the smaller powder companies has cleared a profit that enables it to declare a dividend of 179 per cent on its common stock. That is prosperity of an unprecedented kind, but very satisfactory to the few who happen to hold the stock of that company.

One of the greatest advances in prices due to the war is in the copper market. Before war orders became active, copper sold at about 12 cents, and yielded a small profit at that. Now the price is hovering around 30 cents, and, with European sales to the amount of 50,000,000 pounds made last week, there is no likelihood of a decrease soon. Consequently there is prosperity in the copper regions.

Much copper is exported for use in foreign manufactures. More is sold to American manufacturers of brass, who, later, sell their product for export. Before the war began, Canada had no brass factories

whatever, but, with the needs of war to be supplied, her newly established brass factories have a capacity of 150,000,000 pounds per year.

Of course war orders have had their continued effect upon the iron and steel industries, and values are going up. It is expected that European powers will place orders for nearly 1,000,000 tons of steel during the coming year. Exporters are offering a premium of \$1 per ton for pig iron.

But producers of powder, copper and iron are not getting all the war-order prosperity. According to recent market reports, a million bushels of wheat were sold in New York in one day for export to Europe. The demand for cattle and horses continues, the cane and beet sugar producers are getting record prices, and prices of all farm crops are high and likely to remain high as long as the war lasts.

With no prospect for the termination of the war within a year, the outlook is good for prosperous conditions indefinitely. However, there is recognition of the fundamental unsoundness of business on the present basis, and fear that when the war ends, as it might do unexpectedly, just as it began, Europe will cease to buy from us and begin to sell. In anticipation of this, the Federal Reserve Board has arranged hearings to devise means of preventing Europe from withdrawing the vast quantities of gold that have been shipped to this country in the past two years to pay for our commodities.

This is an official acknowledgment that business as at present constituted is abnormal, and that the huge gold reserves are as uncertain as they are unusual. Although the Federal Reserve Board is Democratic, it may conclude that a protective tariff is advisable in order to prevent the dumping of European goods and the depletion of our board of gold.

Business men in New York City are complaining that they do not get their morning mail until 9:30. Since they must hold up their morning work and have part of their clerks and stenographers idle, they don't like the plan of administrative economy which saves a mail carrier's salary at their expense.

Austria must be an immensely wealthy country. She is using white paper in place of cotton in war munitions.

FLOOD LEAVES WELL HIGH ABOVE GROUND

(Popular Mechanics Magazine)

Motorists and others on the Asheville-Charlotte Highway in North Carolina have been astonished during recent weeks to see the walls of an old well, surmounted by an old chain pump, projecting high into the air. This is one of the freaks of the flood which occurred in this region following very heavy rains. In the immediate vicinity of this pump, which stood in front of a store, soil to a depth of several feet was washed away from a tract of between six and eight acres. The well stands sixteen feet above ground and evidently was carefully built, for the stones rest one on the other just as they were laid in the well hole.

BAKERS WILL SOUND PUBLIC SENTIMENT ON FOOD EMBARGO

Columbus, Ohio, November 17.—Members of the Executive Committee of the National Association of Master Bakers decided at a meeting to take a poll of public sentiment on the question of American food embargo, Jay Burns, former President of the association, left for Chicago late today to arrange with the Secretary to secure petitions through all local organizations of the association asking the government to establish an embargo.

Members of the commission stated that the members of the association have nothing to gain personally by the embargo, but expect to secure the expression of the consumers in the interest of service, and in case the poll indicates a public desire for an embargo, the association will campaign to secure it. If the expression opposes the embargo, the bakers say they will adjust their prices to meet the increasing price in wheat.

Another advance in the price of bread will be necessary, it was predicted by members of the commission, before January 1.

THREE MORE ROADS ATTACK S. HOUR LAW

Louisville, Ky., November 17.—The Illinois Central Railroad today filed suit in the Federal Court to enjoin the government from putting the Adamson eight-hour law into effect.

Similar suits were filed at Boston by the New York, New Haven & Hartford Railroad and the Baltimore & Ohio Railroad at Baltimore.

At Auburn, N. Y., United States Judge George W. Ray granted an order directing the federal authorities in the northern district of New York and the officers of the trainmen's brotherhood to show cause why an injunction should not be granted restraining the enforcement of the recently enacted Adamson law on the application of the Delaware & Hudson and the Delaware, Lackawanna & Western Railroads.

DANIELS ORDERS INQUIRY INTO U-BOAT MISHAP

Washington, November 17.—Secretary of the Navy Daniels today ordered an immediate investigation of the Deutschland-tug accident at New London to ascertain whether there was an attempt made to destroy the German submarine. The Secretary appointed Rear Admiral Grant, commander of the cruiser Columbia, stationed near New London, to make an immediate investigation.

A Californian is the owner of what is said to be the only watch of the kind in the world in which a lever oscillates and winds the spring with every step that he takes.

GARRY HERRMANN TO HOLD OLD JOB ON NATIONAL BOARD

New York, November 17.—August Herrmann, in spite of reports to the contrary, will be re-elected Chairman of the National Commission at the annual meeting in Cincinnati next January.

The rival major league Presidents, Johnson and Tener, again will cast their votes for the popular Cincinnati man. This positive information reached here today.

When the National League gets here on December 12, Barney Dreyfuss, owner of the Pittsburgh club, promises to introduce a resolution instructing President Tener not to vote for Herrmann's re-election. If Dreyfuss comes through with this resolution it may be seconded. If, however, some magnate sees fit to second the motion it will be voted down 6 to 2. In that event, Governor Tener will go to Cincinnati with a vote for Herrmann in his inside pocket. President Johnson already has decided to buy the hatchet. He had a long conference with Herrmann in Chicago recently and they reached a thorough understanding.

Johnson and Herrmann have been bosom friends for twenty-five years. They clashed over the Federal League settlement, but Herrmann has explained several things to Johnson's entire satisfaction.

Johnson therefore will vote for wishes of such influential American League men as Colonel Ruppert, C. A. Comiskey, Frank Navin and Connie Mack.

AUDIENCE IN PANIC WHEN LION BREAKS LOSE FROM CAGE—THEATER IS WRECKED

Kansas City, Mo., November 17.—The lives of more than 300 persons were endangered here when a lioness belonging to a vaudeville act broke out of a cage on the stage of the Victoria Theater in Kansas City, Kan. The lioness leaped from the stage into the aisle, throwing the audience into a panic. The front and sides of the one-story theater were wrecked in the mad scramble. Policemen and the owner and trainer of the lioness succeeded in returning the animal to its cage before any one was seriously injured.

FREAK APPLES

(Mt. Olive Tribune)
The apple is not to be outdone in showing freaks this year. W. A. Anderson has a three on his farm near town that has bloomed three times, bearing apples with each blooming. The peculiar stunt pulled off by this tree excited no little interest among persons passing along the pike. We are in debt to J. M. Thompson for a sample twig of this tree, on which there is clustered at the outer stem three well formed apples of one of the later crops. Nature, truly, is wonderful in its many formations.

\$20,000,000 LOANS MADE BY BANKING FIRM TO NEEDY FRENCH TOWNS

New York, November 17.—Kuhn, Loeb & Company, who recently made a loan of \$50,000,000 to the city of Paris to relieve the sufferings of that community, as a result of the war and for other multiple purposes, today announced the closing of similar loans for \$20,000,000 each to the municipalities of Bordeaux, Lyon and Marseilles. The negotiation in each instance is in the form of three-year 6 per cent bonds and it is understood that a part of the proceeds will be employed in the purchase of war supplies.

AGED KY. SHAKER DIES

Lexington, Ky., November 17.—Sarah E. Pennebaker, 79, died today of paralysis at Shakerstown. Her death leaves only three survivors of a once prosperous community. The Shaker property is stated to be worth over a million dollars, and recently efforts were made to have the property, which includes the village of Shakerstown, reverted to the State, as it was claimed that the three aged survivors were too aged and infirm to manage it.

PLAN DRY CAMPAIGN IN OHIO

Toledo, Ohio, November 17.—The campaign to vote Ohio dry next fall will begin here December 3 when Richmond Pearson Hobson will speak for the Antislavery League. This was announced today by Wayne B. Wheeler, National Counsel for the league, here to begin organization of the Northwestern Ohio counties for the campaign.

Maysville Telephone Co. is a Maysville Institution

It was designed and financed and built to serve a local need. It has been in operation many years and has always kept up-to-date. It has been recently rebuilt—inside and outside—and is in better position to serve its patrons than Company's in cities many times larger than Maysville. Our equipment is new and we connect with both of the Long-distance Companies. It is managed and operated by local people whose object is to give the best possible service at rates as low as is consistent with a fair return on the investment. It deserves your patronage—it deserves your support. Your neighbor has a telephone. Have you?

CONFESSED CRIME

Just Before Going to Electric Chair—Negro Garrison's Last Request Was That Read He Sent His Niece.

(Louisville Times)

Eddyville, Ky., November 17.—Harry Garrison, negro, convicted of rape in the Campbell Circuit Court last year, was electrocuted for his crime in the Eddyville penitentiary at 4:50 o'clock this morning. This is the first electrocution in Kentucky for that crime.

Thursday he admitted to Warden John B. Chilton that he was guilty of the crime with which he was charged. The negro was given 1,800 volts of electricity and was in the chair one minute. Proclaiming that he was ready to die, he did not break down, but walked to the chair alone, attended by the prison chaplain and wardens. He was calm and did not exhibit any sign of insanity. It had been rumored that his mind had given away. Garrison shook hands with the chaplain, Warden Chilton and officials before taking the chair.

A few seconds after receiving the charge, Garrison was pronounced dead by the prison physician, Dr. F. M. Travis.

Warden Chilton read the death warrant to Garrison Thursday afternoon and it seemed to affect him very little. He ate a hearty supper Thursday night and slept all night, arose early this morning and dressed, after which he prayed and sang. Garrison was convicted in November, 1914, and was received at the Kentucky penitentiary November 15, 1915. He has been confined here a year because his case was taken to the Court of Appeals, that court affirming the decision of the lower court and the Governor refusing to commute his sentence.

When Garrison came to the penitentiary he was an illiterate negro. During the year's confinement his time was occupied in learning to read and write. He could write a legible hand and had progressed to the fourth reader. His last and only request to the warden was that his fourth reader, which he was reading just before his death, be sent to his niece in Maysville.

Garrison's body was shipped to his mother, Nellie Garrison, at Maysville, Saturday.

ARTHUR EDWARD CROSS

(Portsmouth Times)

Arthur Edward Cross, aged 20 years, a well-known N. & W. clerk, died at his home, No. 1318 Spring street, late Friday night of scarlet fever.

Mr. Cross was born at Dover, Ky., May 19, 1896, the son of P. E. and Lydia Mittendorf-Cross. When quite a small boy he was nicknamed "Happy" on account of his cheerful disposition. He was married May 19, 1914, to Miss Lulu Ann Ferguson, who survives him. He also survived by his parents, four brothers, Fred, of Off-narc street, Walter E., of St. Michael, Alaska, and Dudley and Robert at home, and three sisters, Alice and Edna at home, and Mrs. G. H. Kirken-dall, of Ashland, Ky.

Mr. Cross was a moral young man, having always led a clean life, was a kind and loving husband, obedient and devoted son and true friend. Short services will be held at the home by Rev. Albert Marling Sunday morning, at 9 o'clock. Burial will be in Green-lawn.

Mr. Richard Thomas of West Second street spent the day in Ashland, Ky., Saturday.

The police rounded up two drunks over Sunday.

RESTRAINED

Is the City of Newport From Enforcement of Initiated Car Ordinance By the Federal Court.

Federal Judge A. M. J. Cochran, in chambers in this city Saturday granted the preliminary injunction sought by attorneys of the South Covington and Cincinnati Street Railway Company against the city of Newport, to restrain the city from enforcing provisions of an initiated street car ordinance.

The company objects to the terms of the ordinance, which provides for a three-cent fare within the corporate limits of Newport, 9 tickets for 25 cents or 16 tickets for 25 cents, when the cash fare is 5 cents, \$1,000 monthly for rental of tracks, and a system of universal transfers.

City Solicitor Brent Spence and Assistant City Solicitor Louis Reischer represented the city; Attorney William Gallagher the Citizens' Committee, which fought for the ordinance, and Attorneys A. C. Cassett and Matt Herold the street car company.

Judge Cochran also issued a temporary restraining order staying further proceedings in the case of the city of Newport vs. the South Covington and Cincinnati Street Railway Company, an action to compel the company to pay \$1,000 per month rental for use of Newport streets, under the terms of a city ordinance. This case is in the Campbell Circuit Court.

BIG DAY AT FOREST AVENUE M. E. CHURCH

The pastor, Rev. J. F. Ruggles, reports a splendid day at the Forest Avenue M. E. Church yesterday. All the services were very largely attended.

Rev. W. H. Davenport, the District Superintendent, preached a most excellent sermon at the evening service from Isaiah 42:6. After the sermon the District Superintendent administered the Sacrament of the Lord's Supper and opened the doors of the church. About fifty persons participated in the Lord's Supper and there was one dedication to the church. The service closed with an old-fashioned Methodist handshaking.

The pastor announces a revival meeting which will begin at Steward's (Chapel Tuesday evening. Services every evening beginning at 6:45 o'clock.

WILL FILED

In the Mason County Court Saturday a paper bearing the date of January 27, 1901, purporting to be the last will and testament of Myra D. Myall deceased, was produced in court and ordered filed. The due execution of the said paper was proven by the testimony of J. Ed Parker and W. W. Ball, Jr., attesting witnesses and was admitted to probate.

WEDDING BELLS WILL RING

We have it on the best of authority that a very prominent young lady on West Third street and a young man on West Second street will tie themselves to Hyman's altar during the first part of January and there be made one. We will tell you who it is later.

GREAT PICTURE AT PASTIME

Sleekly girls are a constant source of worry to their mothers, always complaining; no life, action or joy. A thorax cleansing, purifying laxative should be taken regularly. Hollister's Rocky Mountain Tea is used by thousands of women as the best. Without fail—try it. 35c. J. Jas. Wood & Son.

OUR COLORED CITIZENS

Arrangements are being made by the pastor and members of Scott M. E. Church for an appropriate celebration of Thanksgiving day. The ladies of the church will have one of those old fashion Kentucky dinners, and there will be a splendid musical and literary program held at night.

Mr. Jack Yates, a prominent colored man of the Orangeburg neighborhood, died at his home Sunday afternoon. The funeral will be held Tuesday morning at 10 o'clock with burial at the Orangeburg Cemetery.

Regular meeting of Pride of Mason Lodge No. 19 K. of P. tonight at 7:30 o'clock. A full attendance is desired. W. C. PATTON, K. of R. & S. Thomas Riggs, C. C.

The gauge marks 5.7 this morning and rising very slowly.

The Chilo will pass up to and return from Manchester today.

The Greendale passed down yesterday afternoon from Pomeroy and will probably pass up tonight for that city. The last trip of the Greendale required a few days longer than the usual voyage on account of low water.

The Chilo loaded 41 hogheads of tobacco from the local wharf yesterday.

Captain and pilots report the Government towboat Iroquois and snagboat have done good work in the Upper Ohio River, and the channel, they say is in a better condition than it has been in the past ten years.

ELECTED PRESIDENT

Mr. L. Gay Strobe of Lexington, son of Dr. John T. Strobe of this city, was elected president of the Kentucky Ice Manufacturers' Association which was in session at Louisville last week. Mr. W. Hall Strobe, accompanied by his wife, attended the convention from this city.

Miss Ora Shelton of East Second street spent Saturday and Sunday with relatives in Tollesboro.

WEAK, AILING CHILDREN

Made Well and Strong by Simple Remedy.

Here is another letter that has just come to our attention, showing the power of Vinol to build up health and strength for weak, puny, ailing children.

W. A. Smith, of Shanesville, Ohio, says:—"My little child was puny, weak and ailing, could not rest at night and would not eat. I learned about Vinol and tried it, and within a week noticed an improvement. The child's appetite improved. It slept well, strength and health were soon built up. We think Vinol is excellent for weak, puny children."

Vinol is a delicious combination of beef and cod liver peptones, iron and manganese peptones and glycerophosphates which creates an appetite, tones up the digestive organs, enriches the blood and creates strength. Children love to take it.

We ask all parents of weak, sickly, delicate children in this vicinity to try Vinol with the understanding that we will return your money if it fails to benefit your little ones. John C. Peacor Drug Co., Maysville. Also in leading drug store in all Kentucky towns.
